Re: Land Use Application NIRB 09UN052 Disposal at Sea of Dredged Sediments, Pangnirtung Fjord-amendment (Public Works and Government Services Canada)

Due Date: May 3, 2011

Dear Kelli Gillard :

At your request, the Department of Culture, Language, Elders and Youth (CLEY), Government of Nunavut, has reviewed the above-noted application. Our recommendations are limited to CLEY's mandate and follow.

The proponents activities are focused within the marine environment and although Nunavut's waters do contain important heritage resources no recorded sites are know within the vicinity of the project. The Department of Culture, Language, Elders and Youth recommends that the Nunavut Impact Review Board advise the Minister, pursuant to article 12.4.4 (a) of the Nunavut Land Claim Agreement, that the project proposal be processed without a review under Part 5 or 6.

Sincerely,
