Dear Mr. Barry,

Baffinland has one comment on the agenda.

We request that a 10 min presentation be added by Baffinland to be inserted on Day 1 in Iqualuit (between item 4 "Interested Parties' Summary Presentations on their Written Comments (10 minutes each party)" and item 5 "Questions and comments from Designated Community Representatives").

This is to provide Baffinland a 10 minute (maximum) opportunity to explain to Community Representatives how it responded to interested parties' written comments. This is appropriate to ensure that communities are aware of both issues raised by participants, and how Baffinland addressed those.

It would be a confusing order if Baffinland addressed its responses before Interested Parties presented on the comments themselves, and we view this an important step to ensure Community Representative are provided a summary of both technical comments and responses before questions begin.

Thank you,
Christine Kowbel
