Notice of Community Workshop

The **Nunavut Impact Review Board (NIRB)** is facilitating the second **Marine Monitoring and Marine Mitigation Workshop** on August 25, 2020 in respect of Baffinland Iron Mines Corp.'s Mary River Iron Mine Project (NIRB File No. 08MN053). The public is invited to attend and learn about ongoing project monitoring for the Mary River Project, including results of community level monitoring programs for the marine environment.

The workshop will be held in Pond Inlet at the Atakaalik Community Hall, following the NIRB's annual community monitoring update on August 24, 2020.

Date	Function	Sessions
August 24	NIRB annual community update	2:00 pm – 5:00 pm; 6:30 pm – 9:00 pm
August 25	Marine Workshop	9:00 am – 5:00 pm; 6:30 pm – 9:00 pm

Everyone interested in participating is encouraged to attend and proceedings will be managed in respect of Public Health Orders

Simultaneous interpretation provided
