Good Afternoon Cory, Guillaume and Kelli,

As CIRNAC started reviewing Baffinland's 2021 Annual Report for the Mary River project and Sabina Gold & Silver Corp.'s 2021 Annual Monitoring Report for Back River project, we realize that we need more time to review the extensive amount of information associated with these reports. In that regard, with the view to effectively fulfill our mandate and provide high quality comments, CIRNAC respectfully requests that the NIRB extend the comment submission deadlines for both projects by one month, i.e., until June 27, 2022.

Please do not hesitate contacting me, if you have any questions regarding this request,
Best regards,

Alex Chaikine
