Dear Moonie Kolola:

Subject: Notification of amendment to conditions of Paragraph 35(2)(*b*) *Fisheries Act* authorization ~~19-HCAA-01020~~

The Fish and Fish Habitat Protection Program of Fisheries and Oceans Canada (DFO-FFHPP) hereby modifies the conditions that relate to proposed work(s), undertaking(s), or activity(ies) likely to cause serious harm, amount and duration of serious harm, and due dates for monitoring reports for the authorization issued to you under paragraph 35(2)(b) of the Fisheries Act on October 1, 2019.

The (DFO-FFHPP) has determined that the modification of the conditions of authorization will increase the amount of harm to fish and fish habitat but will be sufficient to offset the amount of harm described in the authorization.

A copy of the amended authorization and a copy of this letter must be kept on site while the work is in progress. Work crews must be familiar with and able to adhere to the conditions.

Failure to comply with the conditions of the authorization may lead to prosecution under the *Fisheries Act*.

If you or anyone conducting work on your behalf have any questions, please contact Steve Cho at (905) 336-6248 or by email at Steve.Cho@dfo-mpo.gc.ca.

Yours sincerely,
