Dear Tracey McCaie

Extension of LUP N2012C0005

MMG continues to maintain an active interest in the Izok/Gondor/Hood Sites associated with the Izok Corridor Project. We would like to continue working on the projects under the scope of activities presently contemplated in the existing permit, and would like to request an extension of the active Land Use Permit #N2012C0005. We would ask that the expiry date of said permit be extended for a period of one year, from February 28, 2014 to February 28, 2015.

Accompanying this letter is a reduced PDF of the 2013 Annual Report for activities at Izok and the surrounding area. If you require additional information or have any questions regarding our operations please do not hesitate to contact me.

Regards,

Ted Muraro
