Dear Amanda,

This letter will serve to advise you that Sabina Gold & Silver Corp. will be resuming operations for the season at the Goose camp on or about March 2, 2015.

At Goose camp, limited personnel (maximum of 10) will be on site for the first week, with initial activity limited to camp opening tasks, such as snow clearing, warming up buildings, starting equipment, etc. It is anticipated that the drillers will be arriving on site the second week of March, with the drilling program commencing on or about March 13, 2015 for the Goose Project, March 25<sup>th</sup> for George and April 11<sup>th</sup> for the MLA.

For the 2015 program, exploration activities at the Goose, George and the Marine Laydown Area (MLA) will be supported from Goose camp.

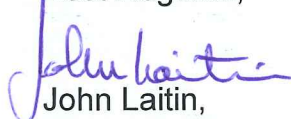

As per the terms of various licenses, best management practices and monitoring are part of Sabina's exploration program. These permits are listed in the table below; copies available upon request:
