**RE: Acknowledgement of 2010 Annual Report for Forum Uranium Corp.'s "North Thelon" Project**

---

Dear Forum Uranium Corp.:

Thank you for submitting Forum Uranium Corp. 2010 Annual Report for the North Thelon Project to the Nunavut Impact Review Board (NIRB or Board) as recommended in the July 11, 2007 Screening Decision Report.

Term and Condition 8 of the Screening Decision Report recommended the following:

8. The Proponent shall submit an annual report with copies provided to the NIRB, INAC, KIA, and the GN-DOE by January 31 each year that the project is in operation commencing January 31, 2008. The report must contain, but not be limited to, the following information:
- a. A summary of activities undertaken for the year;
  - b. A work plan for the following year;
  - c. All monitoring results based on the revised Wildlife Mitigation Plan;
  - d. Description of any wildlife encounters and any actions/mitigation measures taken;
  - e. Evidence regarding the Proponent's commitment to require on-site personnel read and understand the comments provided to NIRB by the GN-DOE, EC and BQCMB;
  - f. A summary of local hires and initiatives;
  - g. A summary of community consultations undertaken as detailed in NIRB application documents (PSIR);
  - h. A summary of site-visits by Land Use Inspectors with results and follow-up actions;
  - i. Any approvals given by Land Use Inspectors regarding Caribou Protection Measures;
  - j. The number of take-offs & landings from an airstrip with approved flight path with date and location;

- k. The number of helicopter touch-downs on the land with date and location (provided unless confidential);
- l. Site photos;
- m. Progressive reclamation work undertaken;
- n. Efforts made to achieve compliance with the Canadian Wide Standards for Dioxins and Furans, and the Canadian Wide Standards for Mercury;
- o. The results of compliance with above noted standards when proposed incinerator is applied to dispose of used oil proposed by the Proponent;
- p. A summary of the number and location of spills and failures which activated the Spill Contingency Plan; and
- q. A summary of how the Proponent has complied with NIRB conditions contained within this Screening Decision, and the conditions associated with all authorizations for project proposal.

Upon review of your submission we have concluded that the annual report contains the available specified information and there are no deficiencies to note.

Thank you for providing the information requested by the Board. If you have any questions or concerns, please feel free to contact me at (867) 983-4611 or at [info@nirb.ca](mailto:info@nirb.ca).

Sincerely,

Tara Arko  
Assistant Technical Advisor  
Nunavut Impact Review Board
