Dear Tracey McCaie

**Extension of LUP N2011C0033**

MMG continues to maintain an active interest in the High Lake and High Lake East locations associated with the Izok Corridor Project. We would like to continue working on the projects under the scope of activities presently contemplated in the existing permit, and would like to request an extension of the active Land Use Permit #N2011C0033. We would ask that the expiry date of said permit be extended for a period of one year, from January 29, 2014 to January 29, 2015.

Accompanying this letter is a reduced PDF of the 2013 Annual Report for activities at High Lake. If you require additional information or have any questions regarding our operations please do not hesitate to contact me.

Regards,

**Ted Muraro**
