4. Qualifications

Refer to Section 21 of the *Territorial Land Use Regulations*

Number(s) exploration permit mineral claims (If applicable)

a(i) ☒ a(ii) ☐ a(iii) ☐ b ☐ c ☐

13

5. a) Summary of Operation (Describe purpose, nature and location of all activities.)

Refer to Section 22(2)(b) of the *Territorial Land Use Regulations* (Use last page of form if necessary.)

This request is to renew the land use permit #N2010C0008 to continue mineral exploration on the properties. Exploration activities would mainly consist to geophysical surveys (terrestrial or aerial), prospecting, till sampling and diamond drilling.

b) Please indicate if a camp is to be set up (Use last page to provide details.)

No camp will be set up.

6. Summary of potential environmental and resource impacts

(Describe the effects of the proposed program on land, water, flora and fauna and related socio-economic areas.)
(Use separate pages if necessary.)

To minimize impacts on soil, Aura Silver is proposing to use heavy machinery on the tundra only during winter when there is a sufficient snow cover. If work is required to be done during the summer, transport will be performed by helicopter, this way there will not be any impacts on the soil.

7. Proposed Restoration Plans (Please use last page if required.)

All drilling sites will be restored to their most possible original state at the completion of the drilling.

8. Other rights, licences or permits related to this permit application (Mineral claims, Yukon timber permits, water licences, etc.) (Please use last page if required.)

Claims: K01191, K01195, K01196, K01198, K01199, K01200, K10895, K10896, K10897, K01192, K01193, K01194, K01197, F94243, F94244

Roads ☒ Is this to be a pioneered road? ☐ Has the route been laid out or ground truthed?

9. Proposed Disposal Methods (Please use last page if required.)

a) Garbage Will be segregated and disposed of at the Meadowbank mine	b) Sewage (Sanitary and Grey Water) Workers will use the Meadowbank sanitary facilities
c) Brush and Trees N/A	d) Overburden (Organic soils, waste material, etc.) N/A

10. Equipment (Includes drills, pumps, etc.) (Please use last page if required.)

Type and Number	Size	Proposed Use
1 tractor D6		Move the drill
1 drill	Orbit 1500	Diamond drilling
1 pump shack		Provide water for the diamond drilling
1-2 snowmobile (s)		Transport
Helicopter		Workers, material and drill moves (during summer drilling)

11. Fuels	Number of Containers	Capacity of Containers
<input checked="" type="checkbox"/> Diesel	2	600litres(summer tank), 4000litres (winter)
<input checked="" type="checkbox"/> Gasoline	2	20 litres
<input type="checkbox"/> Aviation Fuel		
<input checked="" type="checkbox"/> Propane	2	100 pounds
<input type="checkbox"/> Other: _____		

12. Containment Fuel Spill Contingency Plans (Please attach separate contingency plan if necessary.) Please refer to the Spill Management Plan.**13. Methods of Fuel Transfer (To other tanks, vehicles, etc.)**

At the drill, the fuel is transferred in the drill tank using a standard pump.

14. Period of Operation (Includes time to cover all phases of project work applied for, including restoration.)
Exploration activities could be conducted all year round.

15. Period of Permit (Up to two years, with maximum of one year extension.)	Start Date 2015-05-07	Completion Date 2017-05-07
---	--------------------------	-------------------------------

16. Location of activities by map co-ordinates (Attach maps and sketches.)

21. Additional Information (Attach additional pages if necessary.)

AGNICO EAGLE

NON-TECHNICAL PROJECT PROPOSAL DESCRIPTION

In June 2014, Aura Silver signed an option agreement with Agnico Eagle to recommence drilling at its Greyhound Property. This option agreement will allow Agnico Eagle to earn interest in the Project. The Greyhound property is located 40-50 km northwest of the Hamlet of Baker Lake and is transected by the Meadowbank access road.

This request is to renew or replace the Land Use Permit #N2010C0008 that was granted by AANDC and that will expire by May 2015. This land use permit authorizes mineral exploration in this area. The principal work will be diamond drilling, but prospecting and geophysical surveying could also be performed. The workers and staff associated to the exploration on the Greyhound property will be based at the Meadowbank mine and the transport will mainly be by helicopter during the summer period. No field camp will be set up.

All activities proposed for this program are considered grassroots or early stage exploration activities. No economic precious metals have yet been found but surface indications are very encouraging. A total in excess of \$ USA 6.6 million has been spend on exploration activities by Aura Silver.

All work will be performed by Agnico Eagle crews and drilling contractors; all of whom are highly experienced in working in the Arctic. Aura Silver completed an archeological survey in the area of exploration and all historical archeological sites have been recorded. This work was completed by Barad Novecosky, a Senior Archaeologist for Golder Associates Ltd.

About Aura Silver

Aura Silver Resources Inc. is a junior explorer searching for precious metals in Nunavut. The Company is listed on the Venture Exchange as AUU:TSX. Aura Silver's Nunavut Certificate of Registration of an Extra-Territorial Corporation is (ET8722) and it's prospecting licence no. is N33560.

For further information on this project please contact John McNeice at : (613) 692-7704

About Agnico Eagle

Agnico Eagle has operated the 100% owned Meadowbank open-pit gold mine located about 110 kilometres by road north of the Hamlet of Baker Lake, the nearest community since 2010. Meadowbank depends on the annual, warm-weather sealift by barge from Hudson Bay to Baker Lake for transportation of bulk supplies and heavy equipment. An all-weather road links Baker Lake to the site.

An on-site airstrip is used for shipping food and goods and for transporting employees, who work on a fly-in, fly-out basis.
