Re: Acknowledgement of the 2025 Annual Report for Agnico Eagle Mines Ltd.'s "Greyhound Exploration Project"

Dear David Frenette:

Please be advised that the Nunavut Impact Review Board (NIRB or Board) received Agnico Eagle Mines Ltd.'s 2025 Annual Report¹ for the "Greyhound Exploration Project" on March 10, 2026, as required pursuant to the Monitoring and Reporting Requirements 1ⁱ of the Screening Decision Report², dated May 6, 2010.

Following its review of the submission, the NIRB has concluded that Agnico Eagle Mines Ltd.'s 2025 Annual Report for the "Greyhound Exploration Project" contains the information as required per condition 1 and that there are no deficiencies to note.

Sincerely,

Varun Nayak, EPT
Monitoring Officer
Nunavut Impact Review Board

cc: Richard Dwyer, Nunavut Water Board
Luis Manzo, Kivalliq Inuit Association
Ashley Aupaluktuq-Burton, Kivalliq Inuit Association
Brenda Pilakapsi, Kivalliq Inuit Association
Tracey McCaie, Crown – Indigenous Relations and Northern Affairs Canada

1. The Proponent shall maintain a record of wildlife observations while operating within the project area. The reports should include locations (i.e., latitude and longitude), species, number of animals, a description of the animal activity, and a description of the gender and age of animals if possible. Prior to conducting project activities, the Proponent should map the location of any sensitive wildlife sites such as denning sites, calving areas, caribou crossing sites, and raptor nests in the project area, and identify the timing of critical life history events (i.e., calving, mating, denning and nesting). Additionally, the Proponent should indicate potential impacts from the project, and ensure that operational activities are managed and modified to avoid impacts on wildlife and sensitive sites.

A copy of this wildlife record or report should be submitted annually at the end of the operational season to the following Government of Nunavut contacts:

- Wildlife Manager, Kivalliq Region -David Vetra, (867) 857-2828, dvetra@gov.nu.ca
- Biologist, Kivalliq Region -Mitch Campbell, (867) 857-2828, mcampbell@gov.nu.ca
- Conservation Officer, Baker Lake -Russell Toolooktook, (867) 793-2514, bakerwildlife@qiniq.com
- Wildlife Deterrent Specialist -Sarah Medill (867) 934-4335, smedill@gov.nu.ca

The Proponent is encouraged to consult with the Government of Nunavut's Regional Biologists regarding project schedule and timelines, as well as transportation options, so as to ensure adequate mitigation of potential wildlife impacts.
