RE: Request for Extension to Land Use Permit #N2011J0032

Type of Operation: Campsite for Exploration Activities

Location: Melville Peninsula, Baffin, NU, NTS 47B

Good Afternoon Nicholas,

On Behalf of our client West Melville Metals Inc., we would like to request an extension to landuse permit #N2011J0032. The current permit expiry date is February 1, 2014 and we are requesting an extension until February 1, 2015. We are requesting the extension to allow for time to complete the exploration activities, which were detailed in the original application submitted by West Melville Metals in December of 2011 and in the subsequent ATV amendment submitted in February 2012.

Attached is a brief non-technical summary of the activities performed to date under the current landuse permit and a list of camp facilities and equipment remaining on site.

If you require and additional information please feel free to contact myself or Andrew Turner (project manager) at any time.

Thank you for your consideration.

Tara Gunson B.Sc. Geol. I.T.
