Dear Rory O. Moore:

Re: Land Use Permit #N2011J0032
Type of Operation: Campsite For Exploration Activities
Location: Melville Peninsula, NU, NTS 47B

Enclosed is your copy of Land Use permit number N2011J0032, authorizing your project as described in your application dated December 8th, 2011, received by this office December 22nd, 2011.

Your application has received a wide distribution to other Federal departments, Government of the Nunavut departments, communities in the area of your operation and concerned Inuit groups. In distributing your application the Nunavut Impact Review Board (NIRB) sought comments from these various agencies based on their area of expertise that will help ensure minimum negative impact on the environment. The issuance of this permit indicates that as a result of the NIRB environmental screening process it was decided that the potentially adverse environmental effects that may be caused by your proposal are mitigable with known technology and are not significant. The terms and conditions in the permit will, in our opinion, provide the necessary protection to the environment.

Please ensure that you adhere to the operating conditions annexed to your permit. Should you have any questions regarding any conditions of this permit, please contact Tracey McCaie at (867) 975-4283 or email landsmining@inac.gc.ca.

Sincerely,

Tracey McCaie
Land Administrator Specialist
