Minister Aboriginal Affairs and Northern Development
House of Commons, Ottawa ON

Dear Minister Duncan,

I am writing in support of our regional Inuit organization's letter which outlines their concerns in reference to the construction of the access road in Rankin Inlet. While I am fully cognizant of the need for process I too believe that this should be considered in the light of KIA's full support. As the MLA for Rankin Inlet South /Whale Cove I believe my constituents feel that this road will be of great benefit to our community and as such we would collectively ask that the process proceed expeditiously based on the community's support. By way of this letter I ask that the community concerns be taken into consideration and that the proposed road be considered as suggested by our community.
