**Re: Acknowledgement of the 2022 Annual Report for Environment and Climate Change Canada's "Eureka HAWS" Project**

---

Dear Jean-Philippe Cloutier-Dussault:

Please be advised that the Nunavut Impact Review Board (NIRB or Board) received Environment and Climate Change Canada's (ECCC) 2022 Annual Report for the "Eureka Weather Station Facility", "Building Demolition and Temporary Camp at Eureka High Arctic Weather Station", "West Remus Creek Quarry Expansion", and "Landfarm, Solid Waste Non-Hazardous Facility, Water and Sewage Treatment Infrastructure Upgrades at Eureka High Arctic Weather Station" projects on October 31, 2022.

Upon review of your submission, we have concluded that ECCC's 2022 Annual Report for the projects indicates that there are no deficiencies to note.

All documents received and pertaining to this project proposal can be accessed from the NIRB's online public registry at [www.nirb.ca/project/124156](http://www.nirb.ca/project/124156), [www.nirb.ca/project/125581](http://www.nirb.ca/project/125581), [www.nirb.ca/project/125587](http://www.nirb.ca/project/125587), and [www.nirb.ca/project/125586](http://www.nirb.ca/project/125586).

If you have any questions or require further clarification, please contact the undersigned at (867) 983-4622 or [motokiak@nirb.ca](mailto:motokiak@nirb.ca).

Sincerely,

Mia Otokiak  
Technical Advisor I  
Nunavut Impact Review Board
