Dear Ms. Lear, Mr. Dwyer, Mr. Cote, Mr. Babin:

RE: NPC File # 148987 [GreenEdge legacy project]

The following works and activities have been proposed in the above
-noted project proposal:

1. Measurements of the transparency of sea water
2. Collection of water samples
3. Location: Qikiqtani Region; [20km SE of Qikiqtarjuaq]

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. NPC has determined that this project proposal is outside the area of an applicable regional land use plan. This project proposal is exempt from the *Nunavut Planning and Project Assessment Act* (NUPPAA) under section 235 of that Act. The works and activities listed above were previously screened by the Nunavut Impact Review Board (NIRB FILE No. 14YN040, Feb. 25, 2015). The above-noted project proposal is exempt from screening by the NIRB because the NPC is of the understanding that it does not change the general scope of the original project activities, and the exceptions noted in Section 12.4.3 (a) and (b) of the Nunavut Agreement do not apply.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials are available at the following address:
