Dear Mosha,

I would like to renew my Scientific Research License for 2021 – myself and some of my team members are hoping that we can travel to Nunavut to do some fieldwork this spring and summer (of course, while respecting COVID travel regulations). I would usually provide a 2020 annual report before you issue my 2021 licence, but I don't really have anything to report for 2020 as COVID cancelled all fieldwork plans. However, let me know if you need any other information. A copy of my 2020 licence is attached.

Regards,
Luke
