

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. The activities associated with this proposal were previously reviewed by NPC, and a conformity determination was issued on June 10, 2014, which still applies. In addition, the activities were previously screened by the Nunavut Impact Review Board (NIRB FILE NO.: 14AN024), however, the current project proposal includes significant modifications to the location of the activities.

As a result of these modifications, the NPC is forwarding the project proposal with this determination to the Nunavut Impact Review Board (NIRB) for screening. Project materials are available at the following address:
<http://npc.strata360.com/portal/project-dashboard.php?appid=148268&sessionid=>

The applicant has undertaken to comply with the attached conformity requirements. The regulatory authorities to which this letter is addressed are responsible under the Nunavut Planning and Project Assessment Act (NUPPAA) to implement any of the attached requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.

This conformity determination applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licences, permits and other authorizations in respect of projects if a review by the NPC is required. Regulatory authorities may consult with the NPC to obtain recommendations on their duties to implement the existing land use plans prior to issuing licences, permits and other authorizations under subsection 69(6) of the NUPPAA.

My office would be pleased to discuss how best to implement the attached requirements and to review any draft authorizations that regulatory authorities wish to provide for that purpose. If you have any questions, please do not hesitate to contact me at (867) 983-4632.

Sincerely,

Jonathan Savoy
Senior Planner,
Nunavut Planning Commission
