Subject: Request for Extension - Comment Request for Baffinland Iron Mines Corp.'s Mary River Project 2017

Hello Solomon,

As one of the monitoring bodies for the Mary River project, we take the review of Baffinland's 2017 Annual Report very seriously.

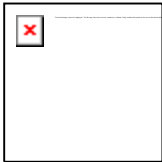

In the past 2 to 3 weeks, QIA and our department in particular has been involved in extensive community visits for the IIBA renegotiation, the annual project review forum which was held in Hall Beach this week and the QIA spring board meeting. These activities have drawn resources from our review work.

The QIA will not be able to finalise the review of the 2017 Annual Report and provide comments to the NIRB by May 7, 2018 as requested in your April 6, 2018 letter. The QIA considers an extension of one week to be sufficient to finalize the review and provide comments to the NIRB. We should be able to finalise the review and provide comments by May 14, 2018.

Please let us know what you think about our request.

Best Regards,

Fai
