#	Document Name	Comment	Baffinland Response
1	Baffinland 2017 Annual Monitoring Report	Parks Canada recommends that the tidal monitoring gauge be moved to a location away from the pier where ship ballast discharges will not impact the readings.	
2	Baffinland 2017 Annual Monitoring Report	Parks Canada recommends that Hydrophones be set up in the port and shipping lanes at increasing distance intervals to determine levels of noise pollution in the local marine environment.	
3	Baffinland 2017 Annual Monitoring Report	Vessel speed violations remain a high concern. Parks Canada recommends proposed tracking measures be in place for this shipping season.
