Kofi Boa-Antwi,

Good morning.

I am in receipt of your letter, which I have attached.

I have reviewed the comments provide by NIRB, and discussed them with the consultants doing the engineering and environmental work for this project, and I would like to request an extension of time for my response until April 21st, 2017:

I believe most of the comment are quite straightforward and that we can provide answers in a short period of time.

However, the fullest way to address the comment on public consultation is to provide a response which not only contains the materials we include in the consultation, but also summarizes what we hear from the consultation. This has not yet been undertaken, and we will need some time to organize a public meeting and to ensure that the proper stakeholders are able to attend.

Please let me know if this email is sufficient as a request for an extension, or if you require a more formal request.

Thank you and regards,

John Hawkins
