Dear Ms. Ohokannoak, Mr. Kharatyan, Ms. Barker:

**RE: NPC File # 148456 Former Iqaluit Metal Dump Remediation**

The following works and activities have been proposed in the above-noted project proposal:

1. Site Cleanup/Remediation: Transport Canada plans to implement a remediation project in 2017 to address the environmental and physical impacts associated with the historical waste disposal that took place.  
Activities include:
  - a. Removal of on-site debris,
  - b. Targeted removal of contaminant impacted soils and sediments,
  - c. Engineered decommissioning of on-site landfill to achieve a proper slope,
  - d. Build road access,
  - e. Implement mitigation measures for fugitive air emissions, sediment release control, and surface water control
  - f. Perform final capping, contouring, and revegetation of the site, and
  - g. Monitor the performance of the remedial works in terms of physical stability, erosion, revegetation and attenuation of contaminants in soils, sediments, and surface water.
2. Associated NPC File No. 148348: Transport Canada Vehicle Dump and Community Landfill

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has determined that this project proposal is outside the area of an applicable regional land use plan. The project proposal requires screening by the Nunavut Impact Review Board (NIRB) because it does not belong to a class of exempt works or activities set out in Schedule 12-1 of the Nunavut Land Claims Agreement (NLCA).

By way of this letter, the NPC is forwarding the project proposal to the NIRB for screening. Project materials are available at the following address:
