**Re: Screening Decision for Crystal Cruises LLC's "MS Crystal Serenity – Crystal Cruises LLC Northwest Passage 2017" Project Proposal, Kitikmeot and Qikiqtani (North Baffin) Regions**

---

Dear Ms. Catherine McKenna:

On April 6, 2017 the Nunavut Impact Review Board (NIRB or Board) received a referral to screen Crystal Cruises LLC's (CCLLC) "MS Crystal Serenity – Crystal Cruises LLC Northwest Passage 2017" project proposal from the Nunavut Planning Commission (NPC or Commission), with an accompanying positive conformity determination with the North Baffin Regional Land Use Plan. The NPC noted that the previous conformity determination issued on June 7, 2016 for the activities associated with the current proposal continues to apply and has determined that the project proposal is a significant modification to the project because the Proponent has added two additional locations to visit (Bylot Island and Prince Leopold Island) that require a permit from Canadian Wildlife Service.

Pursuant to Article 12, Sections 12.4.1 and 12.4.4 of the *Agreement between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in right of Canada* (Nunavut Agreement) and section 87 of the *Nunavut Planning and Project Assessment Act* (NuPPAA), the NIRB commenced screening this project proposal. Due to the proposal containing activities that were sufficiently related to previously assessed activities under NIRB file number **16TN039**, the NIRB viewed this project proposal as an amendment to the previously screened project and assigned this proposal with this previous file number.

Following the assessment of all material information provided, the NIRB is recommending that a review of Crystal Cruises LLC's "MS Crystal Serenity – Crystal Cruises LLC Northwest Passage 2017" project is not required pursuant to paragraph 92(1)(a) of the NuPPAA.

Pursuant to its discretion under paragraph 92(2)(a) of the NuPPAA, the NIRB has determined that specific terms and conditions are appropriate for this project.

Accordingly, the NIRB is issuing the attached Screening Decision Report dated June 9, 2017 to the responsible Minister. The Screening Decision Report provides, among other things, the regulatory framework, project overview and the NIRB's assessment process, factors relevant for the determining significance of impacts and recommended project-specific terms and conditions.

Please note that the project proposal will not be enclosed due to the size of the electronic document and the limited bandwidth. However, an electronic copy of the project proposal is accessible online from the NIRB's online public registry at [www.nirb.ca](http://www.nirb.ca) by using any of the following search criteria:

- Project Name: MS Crystal Serenity – Crystal Cruises LLC Northwest Passage 2017
- NIRB File No.: 16TN039
- Application No.: 125124

We look forward to receiving a response from the responsible Minister. If you have any questions or require clarification, please do not hesitate to contact the NIRB's Director, Technical Services, Tara Arko at (867) 983-4611 or [tarko@nirb.ca](mailto:tarko@nirb.ca).

Sincerely,

Elizabeth Copland, Chairperson  
Nunavut Impact Review Board
