

NOTICE OF SCREENING OPPORTUNITY FOR PUBLIC COMMENT

NIRB File No.: 17QN056

Project Name: The “**Cambridge Bay Material Extraction and Quarrying**” project
Proponent Name: Nunavut Excavating 2007 Inc.
Project Type: Quarry Region: Kitikmeot Region
Public Registry: www.nirb.ca Application No.: 125142
Comment Deadline: **August 7, 2017**

PROJECT SCOPE:

The proposed “Cambridge Bay Material Extraction and Quarrying” project is located within the Kitikmeot region, approximately nine (9) kilometres (km) west from Cambridge Bay. The Proponent intends to conduct quarrying of aggregate adjacent to a previously disturbed area for use in building pads, parking areas, and access roads within Cambridge Bay. The program is proposed to begin in September 2017 and remain active annually during the construction season of July to October until aggregate material is exhausted or no longer needed for infrastructure. The scope of this proposed project as identified by the NIRB includes the following undertakings, works or activities:

- Extraction and transport of approximately 1200 cubic metres of aggregate annually
- Removal of overburden if necessary to be reused upon closure
- Daily transportation of personnel to and from quarry site operations
- Use of up to 600 litres of diesel fuel per day for refuelling of equipment on site with the use of a fuel truck

Please visit the NIRB’s public registry online at the link above and look up NIRB File No.: 17QN056 to access all project information, maps, and public comment forms.

REQUEST FOR COMMENTS

You are invited to provide the NIRB with your comments regarding whether the proposed project is:

- likely to arouse significant public concern and, if so, why;
- likely to cause significant adverse ecosystemic or socio-economic effects and, if so, why;
- likely to cause significant adverse impacts on wildlife habitat or Inuit harvest activities and, if so, why;
- a type where the potential adverse effects are highly predictable and can be prevented/managed appropriately with known technology.

Parties are also invited to recommend any specific mitigation measures they feel would be appropriate, and to bring any other matter of importance related to this project proposal to the NIRB’s attention.

CONTACT INFORMATION

The NIRB has recently launched an updated online public registry, and parties can access project information as well as submit comments directly to the NIRB via www.nirb.ca. Comments can still be submitted directly to the NIRB via email at info@nirb.ca.

If you have any questions or require clarification regarding the proposed project or the NIRB’s screening process, please contact Keith Morrison, Technical Advisor II toll-free at 1-866-233-3033 or kmorrison@nirb.ca.
