Subject: RE: Huckleberry Exploration project proposal maps (NIRB file no. 17EA068)

Hi Shanley,

Sorry for a late response, but the Baker Lake HTO does not support for this project to be approved. Baker Lake HTO has concerns with the location of the project as it is within important caribou calving grounds. The caribou herd that calves in the area which by the way is shared by northern Manitoba, northern Saskatchewan, NWT, and Nunavut communities should be protected from any developments to ensure our food source is protected as this has been a food security concern. Baker Lake has not seen the Qamanirjuaq herd reach Baker Lake the last 5 or more years.

We are in the process of writing a formal submission on this file.

I wanted to ensure NIRB receive an email of concern from the Baker Lake HTO.

Thank you,

Hugh Nateela

Hi Hugh

Do you have any comments on the proposal from the HTO Board meeting last night?

The NIRB would appreciate any comments as soon as possible.

Thanks!

Shanley

Hi Hugh

Here are two maps from the Proponent showing the location of the proposed exploration at the Huckleberry site.

Thanks for your efforts to get this through – hopefully you can send the NIRB any comments tomorrow.

Take care,
Shanley
