Dear Reviewer:

**Subject: Notice of Screening and Comment Request for PKC's "Permafrost dynamics in response to climate change on Victoria Island, Nunavut" Project Proposal**

Fisheries and Oceans Canada's Fisheries Protection Program (DFO-FPP) would like to thank the Nunavut Impact Review Board (NIRB) for the opportunity to provide comments on the Stephanie Coulombe's (the Proponent) application for Permafrost dynamics in response to climate change on Victoria Island, Nunavut project (the Project).

Fisheries and Oceans Canada reviews projects (works, undertakings, or activities) being conducted in or near waterbodies that support fish that are part of, or that support a commercial, recreational or Aboriginal fishery. We also review project proposals for impacts to Species at Risk. As the Project does not fall within our mandate, DFO cannot provide comments.

If you have any questions please contact Sara Eddy at our Burlington office at 905-336-4535 or by email at Sara.Eddy@df-mpo.gc.ca.

Yours sincerely,

Sara Eddy  
Team Leader Triage and Planning
