Hello Cassel and Keith,

I am writing to confirm that we do intend to re-engage the assessment process for the project. We expect to submit materials in mid-2022, subject to progress on Quliq Energy Corporation's Independent Power Producer Program which will inform the timelines for the project. We are happy to have a phone call or answer any further questions regarding the project at your convenience.

Thank you,  
Shivani

**Subject:** NIRB 125404/18UN044: Suspended Assessment and Request for Notification of Intended Re-Engagement

Dear Steve England;

This email is a follow up to the Suspension of Assessment of Activities issued by the Nunavut Impact Review Board (NIRB or Board) dated, April 10, 2019 for the Hamlet of Arviat's "Arviat Wind Energy Project" proposal (NIRB: 18UN044; NPC: 148907).

The NIRB requests that the Hamlet of Arviat provide an update to confirm whether the company expects to re-engage the assessment process for the "Arviat Wind Energy Project" proposal and if so, when can the NIRB expect the material be submitted? Please send the update to [info@nirb.ca](mailto:info@nirb.ca)

and to Keith Morrison, Manager of Impact Assessment at [kmorrison@nirb.ca](mailto:kmorrison@nirb.ca).

Should you wish to resume the assessment in the future, a written request must be filed directly with the Nunavut Impact Review Board (NIRB) and we would then commence screening of the project proposal.

Please note that if such a written request has not been filed by April 10, 2022 the assessment of the project will be terminated as per section 143(4) of the *Nunavut Planning and Project Assessment Act* (NuPPAA). You would then have to re-apply through the Nunavut Planning Commission (Commission).

If you have any questions or require clarification on the NIRB Process, please contact Keith Morrison, directly at (867) 983-4617 or by email at [kmorrison@nirb.ca](mailto:kmorrison@nirb.ca).

Best regards,

Cassel Kapolak  
Environmental Administrator
