DÉTAILS

Description non technique de la proposition de projet

Anglais: We would like to fly and land a Twin-Otter to both Prince Leopold Island and Coburg Island to view the wildlife and birds. We will be using the airstrips that are already designated on the islands and then walk to the cliffs and waters edge. No vessel, all-terrain vehicles or helicopters will be used in either location. Proposed dates for visiting both locations are August 2-4, 2019 weather permitting. This is a one-day visit, with an approximate 3-4 hour viewing at each location.

Français: Nous aimerions voler et atterrir une Twin Otter à la fois sur l'île Prince Léopold et l'île Coburg. Nous utiliserons les pistes d'atterrissement déjà désignées sur les îles, puis marcherons jusqu'à la falaise et au bord de l'eau. Aucun navire, vechile tout terrain ou hélicoptère ne sera utilisé à aucun endroit. Les dates proposées pour visiter les deux sites sont les suivantes: du 2 au 4 août, 2019, si le temps le permet. Il s'agit d'une visite d'une journée, avec un visionnage d'environ 3 à 4 heures à chaque endroit.

Inuinnaqtun: I do not know anyone who can translate a document into Inuinnaqtun. Our designated locations are for North Baffin.

Personnel

Personnel on site: 12

Days on site: 1

Total Person days: 12

Operations Phase: from 2019-07-27 to 2019-07-29

Activités

Emplacement	Type d'activité	Statut des terres	Historique du site	Site à valeur archéologique ou paléontologique	Proximité des collectivités les plus proches et de toute zone protégée
Prince Leopold Island	Tourism Activities	Crown	National Migratory Bird Sanctuary	We are not interested in any archaeological sites	Resolute Bay
Coburg Island	Tourism Activities	Crown	National Wildlife Protected Area	We are not interested in any archaeological sites. We are visiting to see wildlife only.	Grise Fiord

Service canadien de la faune	Permit application being processed, waiting on a Inuktitut translated document from Resolute bay local Susan Salluviniq.	Active		

Project transportation types

Transportation Type	Utilisation proposée	Length of Use
Air	Twin-Otter	

Project accomodation types

Autre,

Utilisation de matériel

Équipement à utiliser (y compris les perceuses, les pompes, les aéronefs, les véhicules, etc.)

Type d'équipement	Quantité	Taille – Dimensions	Utilisation proposée
Summit Air Twin-Otter	1	N/A	Fly from Arctic Watch ,Somerset Island to Prince Leopold Island and return to Arctic Watch the same day.
Summit Air Twin-Otter	1	N/A	Fly from Arctic Watch to Resolute Bay then to Coburg Island and return to Arctic Watch the same day.

Décrivez l'utilisation du carburant et des marchandises dangereuses

Décrivez l'utilisation de carburant :	Type de carburant	Nombre de conteneurs	Capacité du conteneur	Quantité totale	Unités	Utilisation proposée
Aviation fuel	fuel	0	0	0	Cubic ft	Plane will be fuel at Arctic Watch and or Resolute Bay. No fueling at the desired visiting locations
No Hazardous materials are part of our activities	hazardous	0	0	0	Cubic ft	N/A

Consommation d'eau

Quantité quotidienne (m3)	Méthodes de récupération de l'eau proposées	Emplacement de récupération de l'eau proposé
0		

Déchets

Gestion des déchets

Activités du projet	Type des déchets	Quantité prévue	Méthode d'élimination	Procédures de traitement supplémentaires
Environmental monitoring site	Eaux usées (matières de vidange)	0	Guests will be expected to have restroom needs before departure to the island at Arctic Watch Lodge. If a guest or guide does need to have an emergency restroom break, all personal garbage or waste will be carried off the island in a garbage bag by guests themselves or the guides.	N/A

Répercussions environnementales :

Canadian Arctic Holidays is a tourist company. Guests travel from around the world to visit Arctic Watch wilderness lodge and Arctic Haven Wilderness lodge. All our tours and activities offered through are our operations are largely based on wildlife viewing. We aim to preserve and care for the species and environment at all times above all. In doing so we wish to show guest from around the world the beauty Nunavut has to offer. We do not think visiting Prince Leopold Island and Coburg will have any environmental impacts. We will not do any flybys over nesting cliffs or shores at either location, all viewing will be done by foot. We always convey the message to our guest to keep a reasonable distance from birds and wildlife in order not to scare or disturb off any wildlife. We will be using already designated landing strips and there for not disturbing the tundra. Archaeological sites are not of interest and will be left alone.
