**Re: Notice of screening for the Institut des Sciences de la Mer de Rimouski (ISMER)'s "Diversity of pelagic primary producers in coastal habitats and the potential for harmful blooms in Eastern Canadian Arctic, with a focus near Iqaluit, Nunavut" Project Proposal**

Dear Mr. Barker,

On June 18, 2019, the Nunavut Impact Review Board (NIRB) invited parties to comment on the Institut des Sciences de la Mer de Rimouski (ISMER)'s "Diversity of pelagic primary producers in coastal habitats and the potential for harmful blooms in Eastern Canadian Arctic, with a focus near Iqaluit, Nunavut" project proposal. Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) has reviewed the project proposal and has no comments or additional terms and conditions to offer at this time pertaining to NIRB's request.

CIRNAC appreciates the opportunity to provide comments and looks forward to working with NIRB and the Proponent throughout any further review phases related to this project. Should you have any questions, please contact the undersigned at (867) 975-4554 or by e-mail at [amal.roy@canada.ca](mailto:amal.roy@canada.ca).

Sincerely,

Amal Roy  
Environmental Assessment Coordinator,  
Impact Assessment
