Re: Notice of Screening and Comment request for Agqiumavvik Society's "Understanding the impacts of climate change on Arctic nesting geese – a key towards Inuit food sovereignty in Arviat, Nunavut" Project Proposal

Dear Caitlin Pelletier,

On March 9, 2022, the Nunavut Impact Review Board (NIRB) invited parties to comment on Agqiumavvik Society's "Understanding the impacts of climate change on Arctic nesting geese – a key towards Inuit food sovereignty in Arviat, Nunavut" project proposal. Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) appreciates the opportunity to provide comments and offers the responses below as it pertains to the NIRB's request:

Any matter of importance to the Party related to the project proposal

CIRNAC #1: Potential for Positive Effects to Inuit Through Employment, Training, and Procurement Opportunities

CIRNAC recommends that wherever possible, the Proponent prioritize the employment and training of local Inuit as well as procurement with Inuit-owned businesses when implementing project activities. Such efforts will allow for positive effects to be realized by community members and the local Inuit population. As a result, Inuit and Inuit-owned businesses situated in Arviat should be prioritized in any project-related employment, training, and procurement opportunities that may be made available.

CIRNAC #2: Consultation with Interested Parties

CIRNAC recommends that the Proponent continue collaboration with the Hamlet of Arviat and the Arviat Hunters and Trappers Organization throughout the duration of the Project. Issues that should be considered as part of any consultation activities should include:

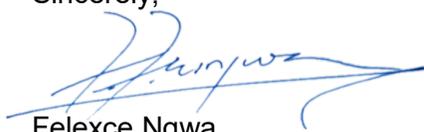

- Incorporation of Inuit knowledge and Inuit Qaujimagatunqangit into project activities;
- Mitigation measures designed to prevent any disturbance to wildlife and the environment;

- The experience of community members who participate in traditional and non-traditional activities within or in close proximity to the project area;
- Training and employment opportunities for community members;
- Procurement opportunities for local businesses; and
- Regular updates on the status of project activities.

CIRNAC appreciates the opportunity to provide comments and looks forward to working with the NIRB and the Proponent throughout any further review phases related to this project.
