**Re: Comments on Draft Agenda circulated Monday, August 21, 2023**

The Kivalliq Inuit Association ("KivIA") has reviewed the draft Agenda circulated by the Nunavut Impact Review Board ("NIRB") on August 21, 2023. KivIA, through its legal counsel, had previously requested approximately 30 minutes for its presentation and is formalizing this request by this correspondence. The KivIA is requesting that it be provided an additional 10 minutes for its presentation so as to ensure that it completes the entire presentation. The KivIA will make best efforts to complete the presentation within 20 minutes, however an extra 10 minutes would be greatly appreciated.

As requested by NIRB, below please find a list of attendees on behalf of the Kivalliq Inuit Association for the public hearing:

1. Gabriel Karlik – CEO, Kivalliq Inuit Association (presenter).
2. Luis Manzo – Director of Land, Kivalliq Inuit Association (presenter).
3. David Kuksuk- Vice President, Kivalliq Inuit Association ( closing remarks).
4. Jonathan Katz – Legal Counsel- Taylor McCaffrey LLP.
5. Alan Sexton- Geologist, Geovector Management Inc.
6. Dr. Matthew McDougall- Aquatic biologist, Prairie Scientific Inc.
7. Anne Gunn- Wildlife biologist- Aurora Research.

In terms of a clarification question regarding the agenda, KivIA is inquiring as to whether Questions to the Government of Nunavut on the Caribou Movement presentation are going to be after the Government of Nunavut's presentation on Day 3 or following the Caribou Movement presentation on Day 2?

KivIA looks forward to the NIRB hearing in the coming weeks and appreciates the NIRB's efforts in coordination of these matters.

Sincerely,

Luis Manzo P, Ag.
