

M-73: Eastern airstrip embankment

M-74: Eastern airstrip embankment erosion

			2025 Annual Geotechnical Inspection	
	Back River Project		MLA Airstrip	
Job No: CAPR004312 Filename: Back River_MLA_2025_AGI_Photolog.pdf			Date: February 2026	Approved: JBK
				Figure: 25

M-75: Eastern airstrip embankment erosion

M-76: Eastern airstrip embankment

M-77: Typical embankment conditions

M-78: Eastern airstrip embankment beside N end of freight storage pad

M-79: Eastern airstrip embankment tie-in to freight storage pad

M-80: Airstrip extension, looking NW

M-81: Slope between airstrip and extension, looking W

M-82: Airstrip extension placed in lifts

M-83: Airstrip extension, looking SE

M-84: Airstrip extension, looking SE

M-85: Western airstrip embankment, looking NW

M-86: Undefined edge of airstrip embankment, looking SE

M-87: Western airstrip embankment, looking NW

M-88: Western airstrip embankment, looking SE – Note erosion

M-89: Tension cracks in western embankment

M-90: Erosion pathways in western embankment

M-91: Tension cracks in western embankment

M-92: Airstrip junction with road to tank farm

M-93: Road to tank farm

M-94: Access road to camp pad

M-95: Airstrip junction with camp pad access road

M-96: Airstrip, looking NW

M-97: Western airstrip embankment, looking SE – Note ponding water

M-98: Ponding water below western airstrip embankment
