

### **New Baffinland Operational Flexibility Commitment**

In addition to the Baffinland commitments filed by QIA, Government of Nunavut and Government of Canada on August 2, 2023, Baffinland wishes to add the following new commitment to the Sustaining Operations Proposal NIRB record for the NIRB's consideration in its decision-making:

Baffinland commits to ship no more than 6.9 million tonnes of iron ore per year in each of 2023 and 2024 when addressing the shortfall of iron ore shipped in 2022 and exercising flexibility to ship the 1.3 million tonnes of iron ore left at Milne Port in 2022 in accordance with Term and Condition 179(a).

The commitment to use no more than 84 ore carriers in each year continues to apply to this commitment.
