Dear Francis Emingak, Veronique D'Amours-Gauthier, Jared Ottenhof, Richard Dwyer, Jane Chisholm, Lisa Pirie-Dominix, and Marianne Marcoux:

**RE: NPC File No: 150050 [Admiralty Inlet and Milne Inlet narwhal tagging and drone work]**

The following works and activities have been proposed in the above-noted project proposal:

1. Marine Based Scientific Research: Survey of narwhal population in high arctic to provide a more accurate abundance estimate and provide science advise on levels of Total Allowable Harvest of narwhals. Activities include 1) using drone video to follow individual narwhals and quantify their diving pattern and 2) remotely equipping narwhals with tags that provide location and depth data. A potential additional activity may

consist of installing 2 wildlife computers Motes which are stationary, unattended ground-based listening stations that continually log telemetry data from satellite tags on animals within reception range.

2. Location: Qikiqtani Region [Milne Inlet, Eclipse Sound and Admiralty Inlet, near Pond inlet and Artic Bay]

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. It conforms to the North Baffin Regional Land Use Plan (NBRLUP). The proponent has undertaken to comply with the applicable conformity requirements of Appendix C, H, and I of the NBRLUP.

The project proposal requires screening by the Nunavut Impact Review Board (NIRB) because it does not belong to a class of exempt works or activities set out in Schedule 12-1 of the Nunavut Agreement.

By way of this letter, the NPC is forwarding the project proposal with this determination to the NIRB for screening. Project materials, including the applicable conformity requirements, are available at the following address:

<https://lupit.nunavut.ca/portal/project-dashboard.php?appid=150050&sessionid=>

The regulatory authorities to which this letter is addressed are responsible under the Nunavut Planning and Project Assessment Act (NUPPAA) to implement any of the applicable requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.

This conformity determination applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required. Regulatory authorities may consult with the NPC to obtain recommendations on their duties to implement the existing land use plans prior to issuing licenses, permits and other authorizations under subsection 69(6) of the NUPPAA.

My office would be pleased to discuss how best to implement the applicable requirements and to review any draft authorizations that regulatory authorities wish to provide for that purpose. If you have any questions, please do not hesitate to contact me at (867) 979-3444.

Sincerely,

Goump Djalogue, MCIP, RPP  
Manager of Planning and Implementation  
Nunavut Planning Commission
