<p>Do you have any suggestions or recommendations for this application?</p> <p>The project proposes to deploy passive water samplers by cable attached to fixed points on shore (e.g., poles or existing structures) or buoys if offshore. All equipment will be removed at the end of the field season.</p> <p>Works in navigable waterways may require approval under the Canadian Navigable Waters Act (CNWA). The Navigation Protection Program (NPP) reviewed the proposal and determined that if the project tasks adhere to section 39 (Scientific Equipment) of the CNWA Minor Works Order, the proponent will not be required to obtain an approval under the CNWA: https://laws-lois.justice.gc.ca/eng/regulations/SOR-2021-170/page-3.html#h-1308882</p> <p>Thank you for the opportunity to comment.</p>																			
<p>Do you support the project proposal? Yes <input type="checkbox"/> No <input type="checkbox"/> Any additional comments?</p> <p>N/A</p>
