OR

If caribou are **LESS than 100 m** from the road and are resting, feeding or moving away

PROCEED WITH CAUTION

* **Notify** dispatch on D10, **Watch** for change in behaviour

100 m
328 ft

If caribou are moving away, resting or feeding **GREATER than 100 m** from the road

PROCEED AS USUAL

* **Notify** dispatch on D10 of caribou presence

100 m
328 ft

WILDLIFE SIGHTINGS?
LET US KNOW!

Report all wildlife observations in the wildlife observations logs!

Once dispatch is notified, they will make an all call so drivers are aware of the location of wildlife on the road. Drivers should proceed with caution in this area.
