Dear Cassel Kapolak, Richard Dwyer, Tracey McCaie, Luis Manzo, William Patch, Alexander Stubbing, and Randy Mercer:

RE: NPC File No: 150402 [Arviat new quarry sites]

1. **Quarries and Pits:** This project proposes new Hamlet quarry sites within the Arviat municipal boundary. The proposed new quarry/aggregate sites will serve current and future aggregate needs of the Hamlet such as road construction and maintenance, land grading/scaping, and other similar hamlet needs. The quarry/aggregate sites will also be used by various private persons and entities to serve their aggregate needs once they apply to the Hamlet for a quarry permit.
2. **Location:** Kivalliq Region; [Arviat; Within the municipal boundaries].

A complete description of the project proposal reviewed by the Nunavut Planning Commission (NPC) can be accessed online using the link below.

The NPC has completed its review of the above noted project proposal. It conforms to the Keewatin Regional Land Use Plan (KRLUP). The proponent has undertaken to comply with the applicable conformity requirements of Appendix C, G, and H of the KRLUP.

The project proposal requires screening by the Nunavut Impact Review Board (NIRB) because it does not belong to a class of exempt works or activities set out in Schedule 12-1 of the *Nunavut Agreement*.

By way of this letter, the NPC is forwarding the project proposal with this determination to the NIRB for screening. Project materials, including the applicable conformity requirements, are available at the following address:
<https://lupit.nunavut.ca/portal/registry/registry.aspx?appid=150402>.

The regulatory authorities to which this letter is addressed are responsible under the *Nunavut Planning and Project Assessment Act (NuPPAA)* to implement any of the applicable requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.

This conformity determination applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required. Regulatory authorities may consult with the NPC to obtain recommendations on their duties to implement the existing land use plans prior to issuing licenses, permits and other authorizations under subsection 69(6) of the *NuPPAA*.

My office would be pleased to discuss how best to implement the applicable requirements and to review any draft authorizations that regulatory authorities wish to provide for that purpose. If you have any questions, please do not hesitate to contact me at (867) 979-3444.

Sincerely,

Goump Djalogue, MCIP, RPP
Manager of Planning and Implementation
Nunavut Planning Commission
