Type of application: Amendment

Proponent name:

Community Support Division

Proponent company:

Government of Nunavut

Project Description:

This application is being submitted for the renewal of water license 3BM-RES2025. All previously submitted information remains the same, however, there is a plan to upgrade the Solid Waste Facility. This water license contains no water usage, but only pertains to the Solid Waste Facility. The plan to upgrade the facility includes building a new Solid Waste Management Facility, purchasing dedicated equipment for the operation, while adding both improved lighting and closure of the drop off site
