Dear Cassel Kapolak, Mosha Cote, Jared Ottenhof, Wynter Kuliktana, Maryse Mahy, José Audet-Lecouffe and Haakon Vatile:

RE: NPC File # 150564 [One Ocean Expedition - Norwegian tall ship through Northwest Passage and the Nunavut region in 2025]

The following works and activities have been proposed in the above-noted project proposal:

1. Marine-based scientific research: This project involves a ship-based marine research expedition from August to September 2025 sailing through the Northwest Passage following route: Nuuk – Pond Inlet – Gjoa Haven –

Cambridge Bay – Nome – Anchorage. The proponent would be sailing in the waters of Nunavut from the arrival in Pond Inlet on 14 August 2025 until after departure from Cambridge Bay on 02 September 2025.

2. Location: Kitikmeot and Qikiqtani Regions [marine areas along the Northwest Passage]

A complete description of the project proposal reviewed by the Nunavut Planning Commission (NPC) can be accessed online using the link below.

The NPC has completed its review of the above-noted project proposal. It conforms to the North Baffin Regional Land Use Plan (NBRLUP). The proponent has undertaken to comply with the applicable conformity requirements of Appendix C, H, and I of the NBRLUP.

The project proposal requires screening by the Nunavut Impact Review Board (NIRB) because it does not belong to a class of exempt works or activities set out in Schedule 12-1 of the Nunavut Agreement.

By way of this letter, the NPC is forwarding the project proposal with this determination to the NIRB for screening. Project materials, including the applicable conformity requirements, are available at the following address:

<https://lupit.nunavut.ca/portal/registry/registry.aspx?appid=150564>

The regulatory authorities to which this letter is addressed are responsible under the Nunavut Planning and Project Assessment Act (NUPPAA) to implement any of the applicable requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.

This conformity determination applies only to the above-noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required. Regulatory authorities may consult with the NPC to obtain recommendations on their duties to implement the existing land use plans prior to issuing licenses, permits and other authorizations under subsection 69(6) of the NUPPAA.

My office would be pleased to discuss how best to implement the applicable requirements and to review any draft authorizations that regulatory authorities wish to provide for that purpose. If you have any questions, please do not hesitate to contact me at (867) 447-4563.

Sincerely,

A handwritten signature in blue ink, appearing to read 'SA', with a horizontal line extending from the end of the 'A'.

Solomon Amuno, PhD
Senior Planner
Nunavut Planning Commission
