Re: Notice of Screening and Comment Request for Zachary Michael Frohman's "Visiting the Spicer Islands of Foxe Basin" Project Proposal

Dear Leila Cai,

On January 7, 2025, the Nunavut Impact Review Board (NIRB) invited parties to comment on Zachary Michael Frohman's "Visiting the Spicer Islands of Foxe Basin" project proposal. Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) has reviewed the project proposal and offers the responses below pertaining to the NIRB's request:

Any matter of importance to the Party related to the project proposal.

CIRNAC 1: Consultation with Interest Parties

CIRNAC recommends that the Proponent consult with the communities and Hunters and Trappers Organizations of Sanirajak, Kinngait, and Kimmirut; the Qikiqtaaluk Wildlife Board; and any other relevant organizations or individuals regarding its project proposal. As part of any consultation activities, several issues should be considered, including, but not limited to:

- Incorporation of Inuit Qauijimajatuqangit into project activities;
- Mitigation measures designed to prevent any disturbance to wildlife (including polar bears, birds, and marine mammals) and the environment;
- The experience of community members who participate in traditional harvesting activities within or in close proximity to the project area;
- Mitigation measures designed to prevent disturbance to sites with cultural, archaeological, and/or environmental significance;
- Training and employment opportunities for Inuit and community members;
- Procurement opportunities for local and Inuit-owned businesses; and
- Regular updates on the status of project activities.

CIRNAC 2: Protection of Heritage Resources

Lands within the Nunavut Settlement Area accessed as part of the project proposal may contain sites with significant paleontological and cultural importance. Guidance should be sought out to prevent any disturbance to these heritage resources. CIRNAC recommends that the Proponent engage with the Territorial Archaeologist of the Government of Nunavut's Department of Culture and Heritage to ensure project activities are implemented in ways that conform with its Archaeology and Paleontology Program.

CIRNAC appreciates the opportunity to provide comments. Should you have any questions, please contact David Abernethy by e-mail at david.abernethy@rcaanc-cirnac.gc.ca.

Sincerely,

Richard Bingley
Manager, Impact Assessment
