To Whom It May Concern:

Re: Nunavut Research Permit Application

For years now, SmartICE has been shown to make THE DIFFERENCE in saving lives and saving traditions, quietly taking on responsibilities unknown to this point.

Completion of this Sikunnguaq project will improve safe operations on the sea ice, will support Search and Rescue operations, and will assist with traditional sustainable food security solutions. The Municipality of Cambridge Bay fully supports this initiative.

Yours very truly,

Angela Gerbrandt, NuEcD
Community Economic Development Officer
Municipality of Cambridge Bay
P.O. Box 16, 23 Kamotik Road
