Dear Natalie D'Souza, Christopher Gerlach, Lisa Pirie-Dominix, Caroline Whittle, Wynter Kuliktana, Jared Ottenhof, Cassel Kapolak, and Kate Smith:

RE: NPC File No: 150350 [Roald Amundsen - Arctic Cruise 2024]

The following works and activities have been proposed in the above-noted project proposal:

1. Marine-based tourism Activities: Roald Amundsen conducted a Northwest passage cruise in 2023 and will be following the identical route in 2024. All company policies and procedures remain unchanged from last season.
2. Related NPC FILE No.: 149064, 149821, and 150010. Associated NIRB File No.: 18TN035.
3. Location: Kitikmeot and Qikiqtaaluk [Various locations along the Northwest Passage]

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. The activities associated with this proposal were previously reviewed by NPC, and conformity determinations issued on May 23, 2019, June 22, 2022, and May 26, 2023, which still apply. In addition, the activities were previously screened by the Nunavut Impact Review Board (NIRB File No.: 18TN035). The above-noted project proposal is exempt from screening by the NIRB because the NPC is of the understanding that it does not change the general scope of the original or previously amended project activities, and the exceptions noted in Section 12.4.3 (a) and (b) of the Nunavut Agreement do not apply.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials, including the applicable conformity requirements, are available at the following address:

<https://lupit.nunavut.ca/portal/registry/registry.aspx?appid=150350>

The regulatory authorities to which this letter is addressed are responsible under the Nunavut Planning and Project Assessment Act (NUPPAA) to implement any of the applicable requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.

This conformity determination applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required. Regulatory authorities may consult with the NPC to obtain recommendations on their duties to implement the existing land use plans prior to issuing licenses, permits and other authorizations under subsection 69(6) of the NUPPAA.

My office would be pleased to discuss how best to implement the applicable requirements and to review any draft authorizations that regulatory authorities wish to provide for that purpose. If you have any questions, please do not hesitate to contact me at (867) 979 3444.

Sincerely,

Goump Djalogue, RPP, MCIP
