## Tukihianaqunik havaariyaumayumik uqauhiyun

Qablunaatitut: We have tours in three locations in Nunavut. Pond Inlet, Hall Beach and Cambridge Bay. Each tour will be conducted slightly differently, but each has the main objective of taking clients to observe birdlife and wildlife.

Uiviititut: Nous organisons des visites guidées à trois endroits au Nunavut. Pond Inlet, Hall Beach et Cambridge Bay. Chaque visite se déroulera légèrement différemment, mais chacune a pour objectif principal d'emmener les clients observer les oiseaux et la faune.

### Avatiliriniqmut Ayurhautingit:

Hall Beach & Cambridge Bay - zero. Pond Inlet: Minimal disturbance expected; camp set away from floe edge to reduce wildlife interactions Strict waste management to avoid pollution No taking, killing, capturing, or disturbing of migratory birds or other protected species Measures to Avoid Dangerous Wildlife Encounters: Constant bear monitoring by guides Camp maintained clean to reduce food smells If a bear approaches, guides will deter using snowmobiles and warning shots if necessary; shooting a bear is a last resort
