

October 31, 2025

NIRB File No.: 25XN022

NPC File No.: 150591

To:

Nunavut Impact Review Board
Mia Beattie, Impact Assessment Officer

Subject: Opportunity to address comments received regarding Kitikmeot Corporation's "Cambridge Bay Solar and Storage" project proposal

Dear Mia Beattie,

On behalf of the Kitikmeot Corporation, Solvest is pleased to submit the following two documents prepared in response to the comments and recommendations received from Environment and Climate Change Canada (ECCC) and Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) as part of the ongoing Nunavut Impact Review Board (NIRB) process for the **Cambridge Bay Solar + Storage Project**.

The attached responses address each comment in detail and outline the measures our team has taken or will take to ensure that the project is implemented in full consideration of environmental protection, regulatory compliance, and community values.

We trust that these documents will provide the necessary clarification and demonstrate our continued commitment to working collaboratively with regulatory agencies and partners throughout the review process. Should any additional information or discussion be required, we would be pleased to provide further details.

Sincerely,

Martha Lenio, Senior Manager, Solvest Inc.

Project Manager, Cambridge Bay Solar + Storage Project
