Manager of Licensing

Nunavut Water Board (NWB)
P.O. Box 119, Gjoa Haven, NU X0B 1J0

Subject: Request for Approval to Use Water or Deposit Waste Without a Licence

Dear NWB Manager of Licensing,

I am writing to formally request approval for the use of water and the deposit of waste without a licence under the applicable provisions of the Nunavut Waters and Nunavut Surface Rights Tribunal Act. This request is related to the Airside Surfaces Rehabilitation project in Whale Cove, Nunavut, which involves the temporary use of water for dust control as well as for compaction of granular surfaces.

The undertaking will involve the extraction of a small volume of water for dust suppression and the compaction of granular surfaces during the rehabilitation process. We are committed to ensuring that all activities are conducted responsibly, with minimal environmental impact, and in full compliance with NWB requirements.

We kindly ask for your review and approval of this request at your earliest convenience. Please let us know if additional information or documentation is required.

Thank you for your time and consideration.

Sincerely,
Glen Molloy
