Re: Land Use Permit Extensions for #N2015F001 and N2015F002

Hello,

Peter's Expediting Ltd. would like to extend the land use permits listed above. The two projects were as follows:

Project # 1 – N2015F0001 – PEL was hired to provide hauling services for Agnico Eagle from their Meadowbank Mine Site to the Amaruq Exploration Camp. Materials included drill equipment, Jet Fuel, Diesel Fuel, Heavy Equipment, Empty Tanks, Core Boxes and General Cargo.

Project # 2 – N2015F0002 – An exploration company by the name of Cameco Corp. hired us to remove their exploration camp from the Aberdeen Lake area. PEL removed a number of crates of camp supplies, which were shipped out on the annual summer sealift from Baker Lake. All fuel tanks (empty) were transported to Baker Lake and subsequently sold to Agnico Eagle Mines Meadowbank operation. The camp was inspected by the Kivalliq Inuit Association lands department.

Work similar to the work done on Project # 1 will continue this winter from the Meadowbank Mine Site to the Amaruq Exploration Site.

Work similar to the work done in project # 2 will continue this winter, with the main body of hauling taking place from the Areva Kiggavik Camp, across Siamese Lake, to the community of Baker Lake. Product being hauled will consist mainly of bulk diesel fuel.

Thank you for your consideration.

Best regards, Frank

Frank Tootoo
