Re: **Screening Decision for Memorial University of Newfoundland’s “ArcSolution: Emerging Pollutants and Health in the Arctic” Project Proposal, Kitikmeot Region**

Dear Honourable Minister:

On September 9, 2025, the Nunavut Impact Review Board (NIRB or Board) received a referral to screen Memorial University’s “ArcSolution: Emerging Pollutants and Health in the Arctic” project proposal from the Nunavut Planning Commission (Commission), with an accompanying positive conformity which noted that the project proposal is outside the area of an applicable regional land use plan.

Following the assessment of all material information provided, the NIRB is recommending that a review of Memorial University’s “ArcSolution: Emerging Pollutants and Health in the Arctic” project is not required pursuant to s. 92(1)(a) of the *NuPPAA*. Pursuant to s. 92(2)(a) of the *NuPPAA*, the NIRB has determined that specific terms and conditions are appropriate for this project.

Accordingly, the NIRB is issuing the attached Screening Decision Report dated January 15, 2026 to the responsible Minister. The Screening Decision Report provides, among other things, the regulatory framework, project overview and the NIRB’s assessment process, factors relevant for the determining significance of impacts, and recommended project-specific terms and conditions.

Please note that the project proposal will not be enclosed and the information related to the project proposal is accessible from the NIRB’s Public Registry at www.nirb.ca/project/126243.

The Board only addresses these notice letters to those individuals considered to be a “responsible Minister with decision-making authority” for the project as set out under the *NuPPAA*.

Regulatory Authorities and other Authorizing Agencies associated with a proposed project (e.g., Regional Inuit Associations, Nunavut Water Board) will continue to be copied on the Notice of Release of the Screening Decision Report. The NIRB is providing these parties with notice and access to the Board's Screening Decision Report as required under s. 200(2) and in support of these parties in the fulfillment of their responsibilities under the *NuPPAA* and the *Nunavut Agreement* to address, and as appropriate, implement, to the fullest extent possible, any relevant NIRB recommendations contained in the Screening Decision Report.

We look forward to receiving a response from the Minister and the NIRB remains available for consultation with the Minister regarding this report as necessary. If you have any questions or require clarification, please do not hesitate to contact the NIRB's Manager, Impact Assessment, Kelli Gillard at (867) 983-4619 or kgillard@nirb.ca.

Sincerely,

Albert Ehaloak
Acting Chairperson
Nunavut Impact Review Board

Enclosure (1): Screening Decision Report, NIRB File No.: 25YN073 (January 15, 2026)
