2016-03-15	Hamlet of Resolute Bay, NU	Angela Idlout (Senior Administrative Office)	Ben Mace (BHP Billiton) and Thomas Ullrich (Aston Bay Holdings)	Email Aston Bay & BHP to SAO	Follow-up on meetings held in Iqaluit and Resolute in early 2016 and proposed a Community Information Session for April 8 in Resolute to provide project details and address community questions.	Company representatives were not able to meet with the SAO during their initial meetings and wanted to coordinate on holding a meeting in the community.	SAO responded with options to set up a meeting with the Hamlet Council.	SAO response sent 2016-03-15
2016-03-23	Hamlet of Resolute Bay, NU	Angela Idlout (Senior Administrative Office)	Ben Mace (BHP Billiton) and Thomas Ullrich (Aston Bay Holdings)	Email SAO to Aston Bay & BHP	Schedule Community Information Session	Extra expenditures required for dedicated special meeting.	The SAO provided dates and times for upcoming Hamlet Council meetings and recommended Company representatives attend as delegates. A special meeting was also offered as an option, subject to additional costs.	
2016-04-15	Hamlet of Resolute Bay, NU		Ben Mace (BHP Billiton) and Thomas Ullrich (Aston Bay Holdings)	Email BHP to Aston Bay	Schedule Community Information Session	Initial meeting to be held with the Hamlet of Resolute, rather than community leaders. The Hamlet requested to review the proposal first, along with evidence of necessary permits and any prior consultation. Potential for local hires was also discussed.	Company representatives prepared a presentation with the required information and obtained copies of relevant permits. The presentation was scheduled for the April 18 Hamlet Council meeting.	Meeting with Hamlet of Resolute Bay scheduled for April 18, 2016
2016-04-18	Hamlet of Resolute Bay, NU	Hamlet of Resolute	Ben Mace (BHP Billiton) and Thomas Ullrich (Aston Bay Holdings)	In Person	Community Information Session held to present details of the upcoming exploration program and address community questions.	As addressed in email from April 15th, 2016	Provided an overview of the Storm Project, including a history of exploration, the agreement between BHP and Aston Bay, and details of the proposed six-week program (drilling up to 2,000 m, soil sampling, helicopter support, and camp setup). Presented a list of valid permits and approved property management plans. Outlined Company commitments to consultation, sustainability, integrity, respect, simplicity, and accountability.	Next steps include ongoing fuel mobilization using local resources, finalizing the work program, identifying potential local workforce, and conducting follow-up Community Information Sessions. The 2016 program also incorporated local hires, with 6 individuals engaged for a total of 139 person-days.
2016-08-19	Hamlet of Resolute Bay, NU	Sarah Salluviniq	Thomas Ullrich (Aston Bay Holdings)	Email	Food Bank Donation			The Resolute Bay Food Bank expressed gratitude to Aston Bay for its generous food donations, which supported 14 households.
2018-06-04	Hamlet of Resolute Bay, NU	Resolute Council	Thomas Ullrich (Aston Bay Holdings)	In Person	Community Information Session held to present details of the upcoming exploration program and provide a summary of previous activities, as well as to address community questions.		Presentation summarized exploration results from the Storm Project. The Property is primarily on Crown Land, with some areas on Inuit Owned Land (IOL) located near Creswell Bay; no work is planned on IOL. All required permits are in place (Land Use, Water, Prospecting, Permission to Work, NIRB, NPC). Previous 2016 work included 1,950 m of drilling across 12 holes (collars rehabilitated), 2,005 soil samples collected, and a camp established at the mouth of the Aston River (later closed and fuel berms covered). The agreement with BHP was terminated in 2017. Work conducted in 2017–2018 included an airborne gravity survey (Aug–Sept 2017) and a 10-day site visit by an Aston Bay geologist. The planned 2018 exploration program includes a 6,000 m drill program starting June 15, with six proposed local hires (~300–400 person-days).	Previous work programs involved fuel drum cleanup: over 25 drums from historical sites, 117 drums from Commander Resources at the shoreline cache, and more than 400 drums from current activities. All working fuel is contained in a single covered berm, including a few empty drums. Local hires for the 2017 program included 2 individuals (24 person-days). Local hires for the 2018 program included 10 individuals (279 person days).
2018-08-28	Hamlet of Resolute Bay, NU	Gregory Holitzki (Senior Administrative Office)	Thomas Ullrich (Aston Bay Holdings)	Letter	Food Bank Donation			The Resolute Bay Food Bank expressed gratitude to Aston Bay for its generous food donations.
2022-06-22	Hamlet of Resolute Bay, NU	Mark Amarualik (Mayor) via Aziz Kheraj	Thomas Ullrich (Aston Bay Holdings)	Email Aston Bay to Mayor	Communicate 2022 summer exploration plans and extended an offer to conduct an in-person presentation.			Provided news release detailing planned activities and offer to conduct an in-person presentation.
2022-07-18	Hamlet of Resolute Bay, NU	Ian Dudla (interim CAO)	Thomas Ullrich (Aston Bay Holdings)	Email SAO to Aston Bay	Invite Mr. Ullrich to conduct in-person presentation for Council detailing 2022 summer exploration plans.	Possible dates for presentation.		Aston Bay response sent 2018-08-02
2022-08-02	Hamlet of Resolute Bay, NU	Ian Dudla (interim CAO)	Thomas Ullrich (Aston Bay Holdings)	Email Aston Bay to SAO	Determine possible in-person presentation dates.		Mr. Ullrich suggested August 7-12 as possible presentation dates.	SAO response sent 2018-08-09
2022-08-09	Hamlet of Resolute Bay, NU	Ian Dudla (interim CAO)	Thomas Ullrich (Aston Bay Holdings)	Email SAO to Aston Bay	Determine possible in-person presentation dates.	Proposed dates not possible.	Mr. Dudla to keep Mr. Ullrich posted on Council's availability.	Scheduling conflicts prevented in-person meeting.

2025-09-29	Hamlet of Resolute Bay, NU	Community Meeting (16 community members in attendance)	Thomas Ullrich (Aston Bay Holdings) James Millard, Andrea Daezli (Ausenco)	In-Person presentation and Q&A	Information session on Storm Copper Project Exploration and Preliminary Description of Potential Mining Development Project. Two slides in the presentation dealt with the recent/historical exploration project and the involvement with the community. Copies of the hard copy presentation were provided in both English and Inuktitut to participants.	Key questions from meeting attendees focused on the potential mining project; there were no concerns expressed regarding the exploration project. There was general support expressed regarding the seasonal exploration program and the importance of the program to the community. The exploration project was generally known as a "good place to work" by some in the meeting.	A question and answer session followed the presentation and questions on the potential future mining project were answered. There were no concerns or questions specifically expressed regarding the exploration project activities.	Additional meetings were set up with individuals representing the Resolute Bay Hunters and Trappers Association.
2025-11-12	Hamlet of Arctic Bay, NU	Roberto Moretti (CAO) Hamlet of Arctic Bay	James Millard (Ausenco)	E-mail	Electronic copy of English and Inuktitut presentation on Storm Copper Project Exploration and Preliminary Description of Potential Mining Development Project. Also provided an offer to conduct an in-person community visit and presentation.	E-mail response from Robert Moretti (CAO) on November 17, 2025, indicated that he would welcome and in-community visit and presentation.		Further discussions on the details of an in-person community information and engagement session to be conducted in early January 2026 with a community visit targeted for February or March 2026.
2025-11-12	Hamlet of Taloyoak, NU	CAO and HTO	James Millard (Ausenco)	E-mail	Electronic copy of English and Inuktitut presentation on Storm Copper Project Exploration and Preliminary Description of Potential Mining Development Project. Also provided an offer to conduct an in-person community visit and presentation.	No response provided to date.		To follow-up with telephone call and further e-mail.
2025-11-12	Hamlet of Grise Fiord, NU	CAO and HTO	James Millard (Ausenco)	E-mail	Electronic copy of English and Inuktitut presentation on Storm Copper Project Exploration and Preliminary Description of Potential Mining Development Project. Also provided an offer to conduct an in-person community visit and presentation.	No response provided to date.		To follow-up with telephone call and further e-mail.
