TEAM MEMBERS: J.Gibson, V.B-Coutts, M.Mak

AFFILIATION: Dynamic Ocean Consulting Ltd.

TITLE: Kimmirut Sealift Program

**OBJECTIVES OF RESEARCH:**

Worley Canada Services Ltd., operating as Worley Consulting, has been retained by the Government of Nunavut – Transportation and Infrastructure Nunavut (GN-TIN) to support the detailed design of sealift facilities in Kimmirut, Nunavut. To inform the detailed design phase, several field programs will be undertaken over the next few years, initiating in the 2026. The intention of the field programs will be: Conduct environmental, geoscience, geophysics, and archaeological baseline studies in each location. Perform a geotechnical study to confirm intertidal and quarry rock conditions. Topographic and bathymetric surveys. Existing conditions or effects studies prior to construction of the Sealift Site. Surveys will be conducted in the Sealift Study Area. Field programs will be undertaken during the open-water season. Consultations regarding the proposed field activities will be conducted with the Hamlet and Hunters and Trappers Association in advance of the field season.

**TERMS & CONDITIONS:**

The holder of the license will be bound by the terms and conditions of the Nunavut Impact Review Board Screening Decision Report (NIRB File # 25YN087) and the Department of Culture & Heritage archaeological sites terms and conditions. These terms and conditions will form part of this licence. These terms and conditions will form part of this license.

**DATA COLLECTION IN NU:**

DATES: July 01, 2026-December 31, 2026

LOCATION: Kimmirut

Scientific Research License 01 028 26N-M expires on December 31, 2026

Issued at Iqaluit, NU on April 01, 2026
