

COMMENT FORM FOR NIRB SCREENINGS

The Nunavut Impact Review Board (NIRB) has a mandate to protect the integrity of the ecosystem for the existing and future residents of Nunavut. To assess the environmental and socio-economic impacts of the project proposal, NIRB would like to hear your concerns, comments and suggestions about the following project proposal application:

Project Proposal Title:	Long Term Water Project (LTWP)		
Proponent:	City of Iqaluit		
Location:	Qikiqtani (South Baffin) region		
Comments Due By:	February 4, 2026	NIRB #:	25XN041
Indicate your concerns about the project proposal below: ☐ no concerns ☐ water quality ☐ terrain ☐ air quality ☐ wildlife and their habitat ☐ marine mammals and their habitat ☐ birds and their habitat ☒ fish and their habitat ☐ heritage resources in area ☐ traditional uses of land ☐ Inuit harvesting activities ☐ community involvement and consultation ☐ local development in the area ☐ tourism in the area ☐ human health issues ☐ other: _____			
Please describe the concerns indicated above: DFO has reviewed the Long Term Water Project (LTWP) notice of screening documents, NIRB file number: 25XN041 in accordance with DFO's mandate. As the Proposal has the potential to impact fish and fish habitat through the use of explosives, water withdrawal, installation/replacement of culverts and pipes, and the destruction of ponds, a Request for Review has been submitted to DFO and is actively being assessed. DFO is of the view that impacts to fish and fish habitat can be addressed through our regulatory process.			
Do you have any suggestions or recommendations for this application? DFO has no concerns at this time and will submit questions through the Nunavut Water Board (file number: 3AM-IQA1626).			
Do you support the project proposal? Yes ☒ No ☐ Any additional comments?
